#### DISCUSSION

### ANNOUNCEMENTS

- ITLC would like to spend some extended time at their Feb 5-6 meeting to consider ed tech related issues. ETLG can work on an agenda (approx. 2 hour time slot at Feb ITLC meeting) for their consideration. Certainly, online education will be in there but Jeff and I will need your input. Come with your ideas to our Dec 3 conf call. See item #4 below.
- Given the similarity of faculty response on our campuses (after George reported on the faculty forum at UCSB on online education at our last conf call), Larry offered to have a one-day face-to-face ETLG meeting at UCLA in winter to discuss online education more intensively.
- SLASIAC subcommittee meeting debrief
  - A subcommittee will review the 1986 policy on instructional materials
  - Jim presented ETLG recommendations revisions will take our recommendations into consideration
- Workgroup updates from liaisons (if any)
  - DETCHE debrief (if you went, share your thoughts)
    - Good conf according to Israel
    - Focus on learning analytics, academic honesty
    - o Israel was focused on course capture, Kaltura, Canvas
    - Tour of UCLA (library had great collab spaces. Mediascape workspaces (Steelcase) still get used for individual work mainly – not a lot of collaborative activities)
    - Santa Monica College nice new hyperrooms, pods
    - Dan also attended and reitereated James Frazee did a good presentation on academic honest. Respondus software + LMS to proctor exams. Saves \$\$. Partnering with the Proctoring Office at SDSU.
    - o Analytics -
    - o Paul and Joe Kelly attended. Hadn't been since Sacramento. Good variety of vendors.
    - Mary-Ellen asked about CIVITAS connects with student info syst
- SensusAccess <u>http://sensusaccess.com</u> Contract signed. Jim to collect names of interested campuses: UCI (Shohreh), UCD (Joshua Hori), UCB, Rose said UCLA is currently considering (Patrick Burke), UCSD is possibly interested as well. Mary-Ellen, Dan Suchy Joanna at Disability Center at UCSD. Gail UCSF
- Opencast Matterhorn un-conference in San Diego 1/30-2/1/2013 <a href="http://opencast.org/article/opencast-matterhorn-2013-san-diego-unconference-registration-and-call-proposals-now-open">http://opencast.org/article/opencast-matterhorn-2013-san-diego-unconference-registration-and-call-proposals-now-open</a> for campuses interested in Matterhorn deployment.
- 1. Approve minutes (November 19, 2012 meeting, posted)

#### 2. Online Education Discussion

- Update on UCOE (Mary-Ellen is not available but will follow up with an update at our December 2 ETLG conf call)
  - UCOE has decided to pilot Canvas (due to Sakai changes / rSmart decisions on OAE) for winter quarter and spring semester. By end of Feb., they will make a decision on the future.
  - Question on RFP process and openness of decision making process? McGraw Hill connect is embedded into eText. Other LMS's also hold potential. Answer: UCOE did some research into

other platforms. Mary-Ellen met with legal and contracts group. Adrena was a product that they considered. Pearson did not want to participate. Also, this is a pilot and not a final decision.

- **Question:** will a number of pilots be explored? **Answer:** Small team (Kirk and Adam), so a number of pilots would be hard.
- Question: UCI (Sarah Eikhorn) is evaluating Canvas in her course? Answer: Her UC students are using EEE at UCI. Non-matriculated students using Canvas. Her course is based in ALEKS. She also uses her own grading system....
- Question: Daniel Gross's course Intro to Rhetoric and Writing. Will this migrate to UCOE Canvas? Answer: Need Answer here
- o Action Item: Mary-Ellen to share course list and LMS systems used with ETLG and CTL folks too.
- Sharing cross campus registration systems for a variety of reasons UCOE may serve as a path to help resolve this
- **Question:** is there a charter for this project? **Answer:** Mary-Ellen believes that there is and will share. Arlene shared with CTG on Friday.
- o Action Item: Mary-Ellen to share project charter on cross campus registration.
- Question: What is non-matriculated enrollment looking like, what about contract with Bb? Answer: UCOE is using Bb for marketing and customer support. Non matriculated enrollment hurt by soft rollout, systemwide approval for courses, only 1 student in Sarah Eikhorn's course. This time, better marketing, earlier start. Approvals are still delayed. 2 courses are slated for release for marketing for tonight (late). Seems like there is more interest. Check out website uconline.edu. Faculty now promoting their courses
- ITLC interest in OE and our role as ETLG
- Special ETLG face-to-face meeting in January at UCLA to discuss Online Education (spreadsheet inventory + doodle poll)
- Review of initial ETLG web page on online education to collect and process info
- UCOP engaging in a similar effort to do an inventory From Provost Dorr's office via EVCs
- Who is target audience for these OE courses?
- Keith may have info

### 3. Israel's Update on UCR

- Approved student tech fee, garnering about 3.5 million annually, really helping. Proposals submitted against this fund but also funded Israel's projects –
  - Wireless expansion (100 access point expansion increase annually)
  - Seeking student feedback on placement of WAPs
  - Open Access computer labs (increased printing quota to 200 pages / quarter)
  - Labs will have presentation technology now
  - Laptop checkout expansion (about 120 total now) in 3 student commons area. "Laptops provided by your student tech fees" to reinforce recognition of the public good.
  - o General Assignment / large lecture halls refresh of equipment (82 rooms total)
  - Bb community module now deploying
  - Access to Bb mobile now in place at UCR
  - Software as a Service vlab Israel is looking at how to deploy this. In talks with UCSD and others. Software packages that students would not have access to (such as SPSS, Mathematic, SAS) Israel has acquired the liceses and will make them available via VDI environment
  - Academic Senate proposing faculty awards of up to \$40K per year (max of \$200K) for innovative use of tech to enhance engagement and learning.
  - o Grad student computer lab
  - Expand course capture system Echo 360 units. Problem: Echo 360 changed their licensing structure – hampering use. Looking at UCSD, mac mini / podcast producer, let Israel know if you have lecture capture ideas.
  - Governance of the Student Tech Fee \$\$ is working well. Has to be projects that support the majority of students.

### 4. ITLC Focus Meeting On Ed Tech (Feb 5-6)

- Online education what is happening on our campuses, what we are observing
  - Evolving LMS market (cloud solutions)
  - What is the climate out there?
- Learning analytics
- Lecture capture link to digital repositories
- Cross registration project
- · E-Texts blending into LMS McGraw Hill (assessments are blended into the
- Find out more from ITLC on what they want general discussion on OE? Do they want to know just the concepts? Inventory
- Should we ask ITLC for \$\$ to save \$\$ (assigning pm resources)
- Should ETLG identify collaborative efforts across the campuses / areas of possible collaboration? What do
  we want to do as a group? Israel's example on VDI sought input from UCSD (Kyle Barber / Pedro Cruz
  manages Kyle). Ask Pedro about podcast / lecture capture.

### 5. New Business

· Budget impacts for campuses
