  - Events

SOM Ed Tech

- Technology Enhanced Learning

  - Chandler Mayfield, Christian Burke

- Co-owners of Kaltura with Library

- Curriculum Management system - Ilios

- Digital Learning Initiatives – flipped classrooms, etc.

  - SOM and SON

UCSF

Priorities, Initiatives that Drive Us

- Major curriculum redesigns, SOM Bridges Curriculum

  - Learning analytics, dashboards

    – Competency based curriculum

    – Tracking assessments at question level…

  - More workplace learning – scheduling, freeing up classroom time

  - Integration of LMS with curriculum management system

- Online degrees – SON, Global Health, Health Policy & Law

- Education space

  - Renovations and new space; informal learning & community

  - Parnassus 2030

UCSF

CLE Roadmap

- Integration with Ilios

  - 8/2015 - Course and group enrollment synching

  - Next? – Content, link learning objectives to assessments

- UI/UX

  - Look and feel

  - Searchability

  - User-configurable

- Bridges CLE – fork the code??? Or…

UCSF

Challenges

- Confusing landscape

- Governance and processes not clear; enterprise approach not quite there

- Ed tech readiness varies by school, but everyone wants to do what SOM does

- Campus IT very business oriented; 3,000 student fte not a compelling number

UCSF

Strategic Planning

- Needs assessment

  - Stakeholder Interviews

  - Ed Tech IT Ecosystem inventory

  - Service Inventory

- Direction we are heading

  - Consolidate services and prioritize

  - Strong partnership between Library and SOM

    - Bridges CLE??

  - Move from one-offs, customer-based service to program-driven services

UCSF

UCSF Learning Tech Support

Hello and welcome to the Learning Technology Group's Support Center. We provide training and support for a variety of educational technologies to the UCSF community. Looking for help? Use the search field below to begin!
