**Happenings**

The arrival of May signifies that 1/3 of the year has already past, leaving relatively little time left for application migration to Shibboleth. If you didn’t already know, ISIS will be shut off at the end of the year without exception. We would like to set up meetings with each department to discuss detailed migration plans and if possible, help you get underway. Please contact us to make an appointment.

**System Announcements**

No updates scheduled.
