ShibSPPlanningGuide

Shibboleth Service Provider Planning Guide

Who Should Read: This document is written for technical staff looking to integrate their application with Shibboleth SP 1.3 or above.

Getting Started

In the Planning Guide we walk you through the planning stages of Shibboleth SP integration. If this is your first Shibboleth SP setup, please take some time and read through the Planning Guide. It will give you an idea of what it takes to integrate your application with Shibboleth.

Key Planning Steps

<table>
<thead>
<tr>
<th>Steps</th>
<th>Description</th>
</tr>
</thead>
<tbody>
<tr>
<td>1. Analyze your application</td>
<td>This is a self-assessment guide to measure your readiness</td>
</tr>
<tr>
<td>2. Determine your data requirements</td>
<td>Determine all the attributes (data) your application needs and submit request(s)</td>
</tr>
<tr>
<td>3. Register your application with IAM/UCLA</td>
<td>Contact the IAM/UCLA team so they can schedule your migration</td>
</tr>
<tr>
<td>4. Join the Shibboleth support community</td>
<td>Join the Shibboleth mailing list</td>
</tr>
<tr>
<td>5. Install the software</td>
<td>After you complete the above steps, move on to the next guide - Install and Configure Shibboleth SP</td>
</tr>
</tbody>
</table>

Ready to start? Let's analyze your application.
