UCTrust Practices and Services

This page serves as a home page for established (public) UCTrust practice and service information.

UCTrust SSO and UC's GRLN policy

The approach to supporting UC's GRLN policy described below was communicated to systemwide CIOs in March of 2023. No objections were raised.

- UCTrust SSO "Name Attributes" and UC GRLN Policy
  - An agreement by each location to specifically release Lived Names when configuring UCTrust cross-campus SSO
- UCTrust Names and UC GRLN Policy FAQ
  - Describes how application owners can leverage SSO information to be consistent with UC's GRLN policy
