UCTrust Work Group Home

The UCTrust Work Group is comprised of identity management professionals at all of UC's campuses, as well as service providers that utilize [UCTrust](#). This group meets regularly for the following purposes:

- Discussion of technical, policy, and operational issues related to UCTrust. As appropriate, issues and recommendations are forwarded to UC's [Information Technology Leadership Council \(ITLC\)](#), UCTrust's governing board, for resolution and adoption.
- Discussion of technical, policy, and operational issues related to campus identity management systems with the goal of fostering effective identity management practices throughout UC.
