

Peer Mentoring (Faculty & Instructors)

This is a page for sharing resources to support peer mentoring.

1. UCSB Summer Sessions Administrative Memos to Associates and Departments, inviting participation and explaining the program. [MentoringAssociatesProgramToGrads-2013-FINAL.docx](#)
2. UCSB Summer Sessions Mentoring Program): Guidelines for Faculty Mentors will be attached, once Kim receives the final version for 2013!
3. UCSB: Guidelines for associate Peer Observations are attached. [CLASSROOM PEER OBSERVATION OF TEACHING_Final.doc](#)
4. UCSB: Lisa Berry's workshop outline on Classroom Observation for associates:

Learning to Teach through Observation and Reflection

Some of the most effective instructors get inspiration and new ideas by observing the way that others approach teaching and learning. In advance of this workshop, you will be given materials to conduct a structured observation of a class session (with the advance permission of the instructor). We will then meet to share our observations and reflect on how we can use the "lessons learned" to adapt and improve our own teaching.

5. McKenzie, J. Pelliccione, L. & Parker, N. (2008). Developing peer review of teaching in blended learning environments: Frameworks and challenges. In *Hello! Where are you in the landscape of educational technology?* Proceedings ascilite Melbourne 2008. <http://www.ascilite.org.au/conferences/melbourne08/procs/mckenzie-j.pdf>
